

AN ASSEMBLYMAN ARRESTED

PLAINE A DEMOCRAT OF ROCKLAND COUNTY ACCUSED OF FORGERY.

On account of the fact that the Union Steamboat Company by raising its rates on the Hudson River and the Albany and Westerlo, the company has been forced to discontinue its business.

Frank P. Demarest, Democratic member of the Assembly from Rockland county, was arrested yesterday morning at his home at Mont Pleasant, near Nyack, on charges of embezzlement and forgery.

Demarest was arrested at the instance of the Union Steamboat Company of Buffalo, School Tax Collector John Gurdiner made six distinct charges of forgery.

The warrant was issued by Justice W. H. Baughman, Jr., on the application of John T. Turnbull, private secretary to President King of the Erie Railroad, who was given a commission to arrest, and Mr. Demarest was arrested at 1:30 A. M. He was assigned before Justice Baughman, one of his political proteges, a few hours later, and after making restitution to the Union Steamboat Company, was allowed to go free on his own recognizances.

Mr. Demarest is well known to many of the public school of Upper Nyack, and was admitted to Andrew Jones, principal of the public school of Upper Nyack, and village clerk, that he had committed the crime of which he was accused, but hoped that he would not be prosecuted. At his home at Mont Pleasant last night, it was said that he had gone to New York city and would probably be away some days.

Mr. Demarest is well known all over the State. He began his political career in 1870 as a member to the Assembly Committee of Privileges and Elections. He has been Supervisor of the township of Clarkstown for the last eight years. He was graduated from the law school of this city in 1876. He was a delegate to the National Democratic State Conventions of 1888, 1892, 1896, and 1898, and is now serving his third term as member of Assembly from Rockland County.

He was elected last fall over Harry Warranmaker by a plurality of 859 votes. He has been for six years President of the Rockland County Industrial Association, and has a large following among the farmers. He is a member of the committees of Ways and Means, Taxation and Retrenchment, Excise, and State Prisons at Albany.

For many years Mr. Demarest has been connected with the Union Steamboat Company of Buffalo, it was by his influence and representations of the great taxation that the company established its office at Upper Nyack. There its property was assessed for the purpose of school taxation at \$200,000. Mr. Demarest appeared before the Trustees of the village, who are also the Assessors, and threatened that unless the assessment was lowered, the company would remove its office to New York city, and the village, agreed to reduce the assessment to \$100,000. The rate was \$2 per \$100 valuation. Mr. Demarest informed the company that he had succeeded in obtaining a reduction of \$100,000, and charged the company at that rate.

In 1889 the amount due to Upper Nyack for the school tax was \$20,000. The company refused to pay the tax, and the village attorney, John T. Turnbull, sent Mr. Demarest a notice to pay the tax, or the village would sue him. In June he presented a bill for \$23,235 to the Union Steamboat Company.

A check for that amount was drawn in favor of John Gurdiner and given to Mr. Demarest. The check was for the Merchants' Exchange Bank of Buffalo. Mr. Demarest endorsed it, and the money was paid to him. He then cashed the check at the Merchants' Exchange Bank, and the money was paid to him. He then cashed the check at the Merchants' Exchange Bank, and the money was paid to him.

A FEW TELEGRAPHERS QUIT WORK

The Strike Ordered on the Chicago, Milwaukee and St. Paul System.

MILWAUKEE, Jan. 16.—Seventy-two operators and station agents on the lines of the Chicago, Milwaukee and St. Paul system quit work today, and the strike which Chief Thurston of the Order of Railway Telegraphers has heralded was very much of a strike.

The officials for the road were prepared for any emergency, and at every station where an operator quit work another man was waiting to take his place. It was not strictly a strike. The men tendered their resignations on January 16, to take effect at 7 o'clock this morning.

All of those who resigned did not go out, for some of them repented and wired to headquarters resending their resignations. In Wisconsin not a single man stopped work, and more than half of those who did were employed in Iowa. This is partly due to the personal influence of Mr. Thurston, whose home is at Vinona, Iowa.

The company issued a statement, in which they said: "There has been no general reduction of salaries, but simply an equalization. The officers of the company knew of no dissatisfaction among the men until they learned that the officers of the O. R. T. were securing resignations. Operators and station agents are a remonstrance. They concealed from the men that all the resignations were tendered unless the demands were complied with."

The company also issued a statement in which it was said that the resignations were tendered unless the demands were complied with. The company also issued a statement in which it was said that the resignations were tendered unless the demands were complied with.

ONLY BAD GUNS GIVEN UP.

THE INDIANS HAVE HIDDEN THEIR WINCHESTERS AND SPRINGFIELLS.

Gen. Miles Gets Merely the Regular Surrender. The Indians have hidden their Winchester and Springfield rifles.

Three Times Before—Contemplating a Disarmament of the Indians by Force.

PIKE BROS. AGENTS, S. D. via Rushville, Neb., Jan. 16.—Ten thousand Sioux were affected by Gen. Miles' order to surrender their arms to his chiefs in compliance with a stipulation of the peace treaty. Since the order was issued into effect less than 700 guns have been surrendered.

The weapons would make a nucleus for a gun museum. Some of them are over a hundred years old. Kicking Bear's theatrical surrender yesterday of his rejuvenated musk-loading Springfield was followed last night by that of Big Horn, who presented the United States Government with an old Spencer rifle, the shoulder brace and the ejector of which were broken.

The stock had been split, and the only thing that held it together was a deer skin which had been wound round and round. This morning a deer skin, which had been wound round and round, was found in a remarkable collection of guns, one of them a flint-lock fowling piece with a barrel as long as a fence rail. It reminded one of the time, away back in 1870, when Crazy Horse, a Fort Robinson, surrendered an English brass bulletproof with a bell as his only ornament. The barrel of the weapon is bent or plucked with a piece of broken at the lock. Some have been sawed off so short that they can be carried in the pocket.

The absence of the modern Winchester and Springfield, with which these Indians have been armed ever since 1880, has convinced General Miles that he has not only been deceived, but that he has been deceived. He has also been deceived. He has also been deceived.
